

Nedasco B.V. has a mandate of different health insurances, namely Avéro Achmea, De Amersfoortse and VGZ. We also lead our own products Nedasco A tot Z and Nedasco Slimme Keuze.

You cannot take out the insurances directly with us. You can contact one of our intermediaries. You can find an intermediary at our website at [Uw adviseur](#).

The cover in the compulsory base insurance is equal for all labels. You are assured of General Practitioner (GP) care, specialist care and hospital, medicines, nursing articles, patient transport, paramedical care, maternity care. Children aged up to 18 are insured free and the insurance covers also the dentist.

The government has decided that the national health insurance has a deductible excess. This means that you will pay the first healthcare costs yourself, except for children up to 18. This amount will be readjusted each year. In 2015 the excess amounts to € 375. In 2016 and 2017 the excess amounts to € 385. You can choose for an extra deductible excess of € 100, € 200, € 300, € 400 of € 500. If you do so, you will pay less for your premium.

You can choose for different base insurances.

Base insurance Natura

You receive care from providers with the companies have agreements. If you visit a provider, who has no agreement, you will receive less. For this insurance you pay a lower premium.

Base insurance Restitutie

You have complete freedom to choose your provider. For this insurance you pay more premium.

There are any labels which offers you a base insurance select. In that case you can choose for limited number of providers. If you visit a provider, who has no agreement, you will receive many less. For this insurance you pay al lower premium.

We also offer supplementary insurances, which covers extras, such as alternative remedies, physiotherapy, orthodontics, vaccinates, glasses and contact lenses. You can also take out a dental insurance.
